KILLER TAKES OWN LIFE WHEN POLICE TRAP HIM

Hunted South San Francisco Murderer Dies By Own Hand To Prevent His Capture

The frenzied killer of his best friend at the South San Francisco dog track, Wednesday of last week, atoned for his crime with his own life, when he was trapped by officers near Salinas, late Sunday of this week.

Tony Ziccone killed himself rather than submit to arrest.

Ziconne had been sought in a nation-wide hunt for the murder of Edward Kaiser, foreman of electricians at the dog track, and the wounding of J. B. Patterson, electrician of Sharp's Park, who was to take Ziccone's job as operator of the rabbit "lure" at the track.

First word of the futive's approach to Salinas came in an anonymous telephone call to the sheriff's office late Wendesday. Deputy Sheriffs Bordges and Riggin, armed with rifles, located the man walking along the railroad track two miles north of town. They called upon him to halt, idenfying themselves as officers.

Instead of complying with the command, Ziconne continued on his way and Bordges fired a warning shot over his head.

Then, the officers said, Ziccone reached into a hip pocket, drew the same pistol with which he shot two men last week, placed it under his chin and twice pulled the trigger.

He remained conscious and walked with the deputies to their automobile. At the hospital he walked inside to the surgery department.

On the way to the hospital, Bordges asked Ziccone:

"You were in a little shooting up the line, weren't you?"

"Yes, I killed one man—shot the other guy," Ziccone replied.

Ziccone died at the Monterey Hospital Sunday night.

The reason why Ziconne killed the friend who looked after him during the winter when he was out of work and paid his union dues, probably never will be known.

However, the murder at Baden was said to have been caused by Ziconne's brooding over the imminent loss of the job he had held for six years. Ziccone is an apprentice electrician. Officials of the elctricians union had ruled that a journeyman electrician must be employed to operate the lure.

It was while Kaiser was bent over the electric motor, explaining its operation to Patterson, that Ziccone, without warning, whipped out his automatic and pumped three bullets into Patterson's side and stomach and two into Kaiser's back, then fled into the nearby growth of willows and made good his escape.

JOHANSEN WINS POSTS ON BOTH SCHOOL BOARDS

San Bruno Candidate Is Successful In Contest Over Man From San Mateo

Jorgen C. Johansen, San Bruno creamery proprietor, defeated William H. Taylor of San Mateo for both the San Mateo Junior College and High School board vacancies at the school elections, Friday of last week.

Johansen defeated Taylor, 1109 to 890, for the junior college post, and topped Taylor, 851 to 492, for the San Mateo Union High School post. Johansen will succeed Chairman A. S. W. Grundy of San Bruno, retiring after nine years service on both boards.

A majority in the Burlingame, Lomita Park, San Bruno and Millbrae districts gave Johansen a substantial victory over Taylor for a seat on the San Mateo Union High School district board. In winning a place on the junior college board Johansen carried the San Mateo and Jefferson High School districts and lost only in Half Moon Bay, 54 to 41. Johansen is a San Bruno Grammar School trus-

Governor Merriam Attends High School Dedication

Governor Frank F. Merriam journeyed from Sacramento, Sunday, June 5, to join in the dedication ceremonies of the new $20,000 gymnasium and swimming pool of the Jefferson Union High School at Daly City. Parkman.

JEFFERSON UNION GRADUATES 113 SENIORS OF '38

Six California Scholarship Federation Members In Class

Class of '38, 113 seniors, formally ended four years of study and were graduated from Jefferson Union High School Wednesday evening of this week. This year's class is the largest to ever leave the portals of the local school.

Robed in caps and gowns, the graduates marched into the high school auditorium and to the stage before a capacity house of parents and friends. Reverend Merlin Donallson gave the invocation.

Florine Capurro rendered the address of welcome, Minola Ford discoursed on "Citizenship" and Mark Kanter orated on the subject, "How Can Peace Be Preserved."

Musical numbers were given by the high school orchestra and a capella choir.

Before presenting the class, Principal James Ferguson read a number of challenges, prepared and written by faculty members, to the outgoing seniors. "To give as well as receive in order to get the best out of life" was one of the main themes of these challenges.

Andrew Vireno and Mrs. Stella Jensen, members of the high school board of trustees, conferred the diplomas. Benediction was pronounced by Reverend Edward Noonan. Members of Chapter 194, California Scholarship Federation, acted as ushers.

The exercises were impressive and will long be cherished in the memories of those who heard them. The members of the graduating class have proven themselves worthy of a future laden with useful activity, the goal success.

Court House Annex Plans Are Altered

The front annex to San Mateo County's court house will be three stories instead of a a two story and basement structure, it has been announced. Plans have been revised by Architect Will Toepke to raise the basement to a first floor.

The formal application for PWA assistance, the allocation of space and other details were considered at Tuesday's meeting of the board of supervisors.

DALY CITY MAN IS ARRESTED AS HIT-RUN DRIVER

One Car Overturned And Another Damaged And Three Occupants Cut And Bruised

As the result of a collision which occurred at Crocker avenue and Irvington street, Daly City, Saturday evening of last week, three persons were injured and an automobile driver was arrested on a hit-and-run charge.

Joseph C. Allen of Irvington street, at liberty on $250 bail, was arrested at his home shortly after the collision. Witnesses declared the car he was driving collided with one operated by Gene L. Bianchi, 1477 Fifteenth street, San Francisco.

Bianchi's car overturned, injuring Bianchi, his wife and Miss Patricia Murphy, 1560 Chestnut street, San Francisco. The injured were treated for cuts and bruises at the Villa Sanitarium.

The Bianchi machine struck the parked car of Alvin Gableigh of Whipple street, San Francisco. Gableigh was in the local show house at the time of the accident. His car was badly damaged. The Gableighs formerly resided on Peoria street in Daly City.

BRISBANE DEPOT DEMOLISHED BY MYSTERY BLAZE

Three Fire Departments And Southern Pacific Crew Fail To Halt Flames

One of the Peninsula's oldest landmarks was completely destroyed, Monday afternoon of this week, when fire demolished the Southern Pacific depot and adjoining freight shed at Brisbane junction in a blaze of unknown origin.

The buildings were burned to the ground with an estimated damage of $12,000.

The fire was first noticed at 3:18 p. m., when smoke jpoured out of the southeast corner of the station, occupied by a Southern Pacific guardsman, J. A. McHugh, his wife, and a step-daughter, Miss Alice Campbell. McHugh and his wife were away when the blaze started, and Miss Campbell escaped without injury.

Hundreds of motorists on the Bayshore highway and commuters were attracted by the fire. The station was located but a few hundred feet east of the highway.

Brisbane, Visitacion Valley, and San Francisco firemen and Southern Pacific fire-fighting crews fought the flames in vain.

There were no hydrants in the area, and the only available water supply was from switch engines with water tenders. One of the switch engines drew alongside the burning building and threw streams of water on the flames.

A fire engine dispatched by the San Francisco Fire Department pumped water from the tender of another switch engine.

The adjoining Southern Pacific ice packing plant, where refrigerator cars are loaded, and the nearby cattle loading chutes were in danger for a while, although the firefighters kept the blaze confined to the two buildings.

CONCENTRATED SAFETY TREND

There have been some definite trends in traffic safety activity. Nineteen thirty-five was marked by a period of emotional appeal, with such publications as Sudden Death and Better Off Dead leading the parade. In 1936 these methods were largely abandoned.

The National Safety Council adopted a five year program with the goal of 35 per cent reduction in traffic accidents by the end of 1940. This is a recognition of the futility of spasmodic drives that usually result in a return swing of the pendulum.

Safety leaders of America have settled down to a long time, consistent effort on a balanced program of engineering, enforcement and education (the three E's). Never has there been more scientific study in

GYMNASIUM AND SWIMMING POOL ARE DEDICATED

Impressive Ceremonies During Formal Opening And Inspection Of High School Improvements

Hundreds of patrons of the Jefferson Union High School District and other citizens attended the formal dedication of the new gymnasium and swimming pool, recently completed, last Sunday afternoon. James Ferguson, the principal of the school, acted as chairman of the afternoon. He introduced Andrew Vireno, president of the Board of Trustees, who sketched the growth of the high school and welcomed all who were present.

Mrs. Stella Jensen, clerk of the board and member of the first board of the local high school, was next presented. She thanked those who had pioneered in the Jefferson Union High School movement and paid tribute to the present administration of the school.

County Superintedent of Schools Pansy Jewett Abbott extended greetings on behalf of the county system. Roy Cloud, executive secretary of the California Teachers Association, extended greetings as a former county superintendent of schools and one who was interested in this high school from its infancy.

Governor Merriam was the chief speaker of the afternoon, having made a special trip to this community in order to deliver the dedicatory address. He stated in part: "Education is one of the great problems of this state, but it is not a great financial problem. In 1933 the people changed the state constitution and now the state contributes laregly to the support of schools. In fact $147,000,000 is the amount for the present biennium."

"California builds highways and supports its schools willingly. The boys and girls are the greatest asset we have; their leisure time is constantly increasing and young people are learning to use it wisely. Adults can use it, too. Our schools are going to be used more in the future," declared the Governor.

Senator Harry Parkman and Assemblyman Harrison Call made brief remarks. Mr. Ferguson introduced the various members of the Board of Trustees, as well as former members of the board and Mayor Selmi, Councilmen Twesten and Cavagnaro; County Supervisors Smith, Hatch, Pool and Beer and former Supervisor Hickey; County Treasurer Sagehorn and Recorder Rice.

Mr. Barnes, who has represented the federal government during the building of the gymnasium, was introduced, as well as the contractor and architect of the building. Louis Nava and George Augustien of the Grammar School Board and Judge Wade H. Clay, along with numerous members of the press, were asked to take a bow.

The Jefferson Union High School band, under the direction of Oscar Busch, played several numbers. Following the formal ceremonies all who were present were invited to visit the entire physical education unit and everyone praised the modern structure and the far-sightedness of those who were responsible for its acquisition.

The meeting next month will be at Menlo Park, where newsmen and their wives will be guests of L. Harris, president of the county association.

An earthquake of No. 1 intensity was reported, Monday of this week, to have occurred at San Diego.

A forty-five-second quake was recorded at 6:43 p.m. Sunday

COUNTY BOARD FAILS TO BACK CITY LAND DEAL

Opposed On Grounds That Initiative Should Be Taken By Municipalities

The Board of Supervisors, early this week, declined to adopt the county planning commission's recommendation that the county take the initiative in establishing the Coyote Point play area when the proposition met strong opposition from Supervisors Fred E. Beer and Alvin Hatch.

Hatch declared that the cities of San Mateo, Hillsborough and Burlingame, supposed to join the county in financing the land purchases and costs of improvements, had made no attempt to start the program.

Protest of the Business and Property Owners Association of Burlingame to any expenditure until the proposition is approved by the people, had been previously filed with the board.

"Success of the project," declared Supervisor Beer, "is going to depend on the united effort of the cities and the county. I don't think any one party could go ahead with acquisition of its portion and make a success of it alone.

"In view of some of the more recent opinions expressed, I think the project should go to a vote of the people. This board has signified its willingness to go through with its part, but we want the backing of the voters."

The board passed his motion that "the matter be continued for further consideration and consultation with a view to ascertain the wishes of all parties concerned, to put the matter up to the people and let them vote on it as they desire."

The board members heard assurances from Winfield Scott, secretary of the San Mateo County Civic League, that a definite proposal would be made to the board within 10 days for acquisition of the Butano forest lands.

Scott said the proposition will come from Dr. Ray Lyman Wilbur, president of Stanford University. Details of the proposition will not be disclosed until it is submitted to the board, he declared.

A resolution authorizing Executive E. A. Robinson to file an amended application for PWA funds for the court house annex was adopted by the board. Revised plans showed an elevation three stories high with a modern front. Cost of the building, it was estimated, will be $238,000 of which the federal government will be asked to contribute $113,000.

CENTRAL POINT SUMMONS CALL PROVES SUCCESS

Ready Response Here To Legion Disaster Relief Mobilization

Nearly 200 registered Wednesday evening of this week between 6 and 9 o'clock at the city hall in response to the annual American Legion Disaster Relief Mobilization Test Call.

Commander A. G. K. Jakobsen, of Daly City American Legion Post No. 410, who had this call put through on our city, says this was a surprise test call to determine the response, to the ten blasts of the siren, in the event of a major catastrophe in our community; such as an earthquake, flood, fire, etc. This call was given to Commander Jakobsen from the Twenty-sixth District of the American Legion, the district receiving their call from a local amateur wireless operator who had picked up the call from department headquarters of the American Legion of California. Amateur wireless was the only means of communication not out of commission during the recent flood disaster in Los Angeles and vicinity.

The second series of ten blasts was just ending when the Daly City firemen started rushing in the city hall. All companies responded. They made a wonderful showing, as did Scout

"Back in jolly old England a tea kettle is treated with some respect. A tea kettle is kept to its traditional use of boiling water with which to make a 'spot o' tea.' But here in the good old U. S. A. there are folk who make me boiling mad. They expect too much from me.

"To my way of thinking, hot water should come a-running from a pipe when silken dainties are due for washing, when the family dog is to be soaped and scrubbed, or a little boy's hands need whitening up, or a little girl's hair is to be shampooed to silky softness." *signed* TOMMY TEAKETTLE

Heating water in a tea kettle is expensive. More heat escapes into the kitchen than goes into the water. But hot water from an Automatic Gas Water Heater, where water is kept stored hot in an insulated tank is very low priced hot water service. Today you can buy an Automatic Gas Water Heater for your home for as little as ten cents a day. ELEMENTARY STUDENTS GRADUATED

Commencement eve on Thursday of this week, June 9, brought to 107 Jefferson Elementary District students their diplomas and, incidentally, the completion of the first mile stone of public education.

The auditorium was filled to capacity with proud parents, friends, and teachers, who enjoyed the colorful spectacle as the graduates, clad in ensembles bof their school colors, marched down the aisle. Jefferson girls' white skirts and red cardigans showed a definite contrast to the boys in their navy slacks and sweaters with red ties. Woodrow girls in their royal blue skirts and white cardigans with blue neckerchiefs matched the boys' suits of royal blue sweaters, white polo shirts and navy slacks. Crocker girls displayed their colors by being clad in white graceful swing dresses trimmed in green against the boys' white shirts, green ties and grey slacks.

Before the presentation of diplomas, the district scholarship prize of five dollars, contributed by the American Legion Auxiliary, Unit 410, was presented by Mrs. Reilly, president, to Donald Laston, Woodrow Wilson student, who was highest in academic achievement. The three Parent-Teachers Associations were awarded prizes for scholastic achievement in their own schools. Mrs. Remington of Jefferson presented the award to Barbara Wilmoth;; Mrs. Davidson of Crocker to Donald Howe, and Mrs. Laston of Woodrow to Richard King, who was second highest in his school, Donald Laston having been highest.

The following boys and girls from each school were awarded Legion Medals by A. G. K. Jakobsen, commander of the Daly City Post No. 410, for having been outstanding in honor, courage, leadership, scholarship and service; Rose Marie Carlsen and John Tatone, Crocker; Florence Bautista and Richard King, Woodrow Wilson; Doris Degliantoni and Robert Nava, Jefferson.

Superintenden R. L. Crane awarded the students their diplomas.

INVITES PUBLIC TO PLAY WHIST

With the enthusiastic support and response of local recreation and athletic groups, the recreation leaders of Daly City will be hosts to the whist players of Daly City at 8:30 this evening.

Preparations are being made for a large attendance. The co-operation of the entire community is requested for the effort of these local play leaders who are taking this means of providing suitable uniform dress so that the public, both adults and children, may easily recognize the leaders of activities on any playground during recreation hours.

FINDING OF BODY SUNDAY SOLVES MYSTERY DEATH

Obscured From View Of Passersby On Highway By Obstructing Rocks

The body of Otto Imsand of Eighteenth and Capp streets, San Francisco, was discovered near Princeton, Sunday of this week, by a passerby. It was found only four feet from the highway, but lying among rocks so that it was not visible from the road.

Mr. Imsand, his family said, had been missing since Friday, May 28, when he had left for Princeton to visit friends over the Memorial Day Holidays. From the condition of his body, it was believed that he had been dead since that time. He had died of a frontal fracture of the skull, apparently suffered when he fell, while walking, from a rock embankment built up to support the highway, after being struck by a passing machine.

Deceased was a steam fitter by trade and was 44 years old. He was a member of the Loyal Legion, having served for 27 months in France during the World War.

He was the husband of Cecile Imsand; son of John Imsand, and brother of Mrs. Freda Christen of Daly City, Mrs. Julia Crane and John Imsand Jr. of Palo Alto.

Funeral services were conducted from the Dutra mortuary establishment in Half Moon Bay, early this week.

WASHINGTON NEWS

FROM OUR CONGRESSMAN
JOHN J. McGRATH

National Defense—Senator Lee of Oklahoma is sponsoring a bill which would, in wartime, have a census of the nation's wealth and would require each person to buy government bonds according to his wealth and the total government needs. The bill has been approved by the Senate Military Committee. The House Military Committee has approved a bill authorizing the government to expend two million dollars in the development of rotary-wing aircraft. Inability of airplanes to keep on flying and maintain control and stability except at dangerously high forward speed, and that the rotary-wing type offered a possible solution of that danger was cited in the committee report.

* * *

Farmers Aided—A bill, S. 3230, giving farmers an opportunity to appeal without court fees in bankruptcy cases, has been reported favorably to the Senate.

* * *

Commodity Prices Again Higher—Wholesale commodity prices registered their second consecutive advance last week. This index in the week ended May 21 was 74.7, compared with 74.4 in the preceeding week and 74.0 two weeks ago. The index is now at the same level as a month ago and fifteen per cent lower than a year ago. The increase in the all commodity index was largely due to higher prices for farm products and foods and more specifically to livestock and meats.

* * *

Farm Employment Shows Increase—Employment on farms increased more than usual during April. This situation apparently was the result of the early spring and conditions generally favorable for early season farm work. Total employment on farms averaged 286 persons per 100 farms on May 1 or twelve more than a month earlier. This year the seasonal increase during April was 50 per cent greater than a year ago and just double the average April increase from 1932 to 1936. Planting or preparation for planting spring crops kept farmers busily occupied around the first of May.

* * *

Aerial Photography Awards—The awarding of contracts for 340,183 square miles of aerial photography in 21 states was announced by the Agricultural Adjustment Administration. This, with previous awards, brings the area contracted to be photographed in 1938 to a total of 449,037 square miles. In 1937, approximately 500,000 square miles were flown.

* * *

Housing Survey—The prevalence of congested and unsanitary living conditions in the 83 cities covered by the National Health Survey of 1935-36 is conclusive proof of the vast need for new housing accommodations, particularly for families of medium and low incomes. Findings of the survey show that over crowding is prevalent in cities of every size and in every section of the country. While wide variations were noted in the percentage of families living in over crowded quarters, the survey demonstrates that the problem is common to small cities as well as large metropolitan centers. A similar conclusion can be drawn from figures on the adequacy of sanitary facilities, although large-city families are in a somewhat more favorable position than those living in communities of 25,000 or less. It is estimated by the Public Health Service that three million families in the United States have fewer rooms in their homes than there are persons; one million live in dwellings with more than one and one half times as many persons as there are rooms; seven hundred thousand live in dwellings with at least twice as many persons as there are rooms.

* * *

Bank Loans To Farmers Show Increase—The commercial banks of the country loaned farmers increasing amounts of money last year. The total of such loans amounted to $1,289,901,000 by the end of 1937. Commercial bank loans to farmers increased nineteen per cent during 1937. In the last half of the year there was an increase of five per cent over the amount outstanding on June 30, 1937. Ordinarily such loans fall off during the latter part of the year. The increase was made up of personal and collateral loans to farmers. Loans secured by farm real estate showed only a nominal change. The large volume of personal and collateral loans was a result, partly, of the Commodity Credit Corporation loan program on cotton and corn, nearly three-fourths of these cotton and corn loans being held by commercial banks and lending agencies.

* * *

Depreciation Puts Farm Buildings Beyond Repair—Repairs, remodelin, and new construction of farm buildings are not making up for normal depreciation. A few people realize how bad the situation really is. Many structures must be repaired at once or they will be worthless. Many have already deteriorated to such an extent that they are beyond repair. On most farms, buildings have not been properly maintained since the postwar drop in farm prices in 1920. Type and size of structures needed on farms also has changed considerably in many sections of the country, due to the change in kinds and types of crops grown.

* * *

Fruits—Fruit crops in some states suffered considerable damage from freezing weather during early April, but May 1 prospects are reported as generally favorable in most important producing sections. Frost injury to peaches and cherries was rather extensive in the central and north Atlantic states, and some damage to apples and pears. Growing conditions continued favorable for most fruit crops in the West. Citrus crops from the new bloom continued to progress under favorable conditions in all states except Florida, where lack of sufficient rainfall has caused the droppage of young fruit to be heavier than usual. The 1938 peach crop in the southern states will be nearly one-third larger than the small 1937 crop and thirteen per cent above average, according to May 1 indications.

"HUMAN AUCTION" WANT ADS BANNED

Two jobless Chicago youths, dressed as living want ads, invaded the Loop during the rush hour recently, auctioning their services to the highest bidder. The result, however, was only a traffic jam, intervention by police and no takers. Arrested for parading without a permit, Henry Hlavaty (left) and Albert Boudolf maintained they were merely job hunting.

BOY SCOUT NEWS

TROOP NO. 141

Meets Thursdays 7 to 9 p. m. at Nazarene Church, Vista and Santa Barbara

Our last meeting was at Hungry Hollow as usual, only this time we ate before we went. "Capture the flag" was an exciting game that captured our immagination and attention for the first hour. Following that we gathered around the camp fire and listened to patrol reports and short talks by our scoutmaster and Mr. Straughan, troop committeeman. Scout Allen Rigler led us in some songs and yells. Al sho' do know his stuff, too!

On Saturday some of our Scouts and Cubs, assisted by Scout and Cub mothers, Mrs. Przbarowski and Mrs. Derung, conducted the Children's Jubilee at the Vista Grande School. It was a dandy event. There wasn't a big crowd, but a fine time was had by all who did attend. The joy slide was a lot better than when the Festival of Youth was held. Some children liked it so well that they rode it two dozen times! The amateur movies conducted by Scout Frank Pate, attracted a great number of people, both old and young. Kenny Claussen and Richard Russell, two Scouts of the Waterdog Patrol, cooked hamburgers and did a thriving business. Cubs Frankie Devlin and Warren Herting did a house to house business with surplus home made candy and had quite a turnover. They enriched our treasury quite a bit.

Cubberee Starts Friday Night

The cubberee or cub camp will start on Friday evening with supper in camp. The monthly Cub meeting will be held in camp and so will the weekly Scout meeting, at the same time. The Scout meeting was postponed on account of graduation exercises on Thursday night.

As far as can be ascertained, there will be around 20 Cubs and Den Chiefs in camp this year. A very interesting work and play program has been planned by Mr. Straughan, Cubmaster, and a thoroughly good time will be had by all attending the Cubboree. We will go swimming at the Jefferson Union High School pool during camp.

Cub Commissioner To Attend

Mathew Bailey, Cub Commissioner for the San Francisco Area Council, will attend the Friday evening camp fire program and will talk to the parents and Cubs.

Special Song For Cubberee

A song written especially for this year's Cubberee will no doubt prove quite a hit with the youngsters. Here it is:

THE CUBBEREE'S THE THING

The Cubberee's the thing,
It's where we smile and sing,
It's where we work; it's where we play,
It's where we're happy all the day—
The Cubberee's the thing!

The Den Chiefs they are grand,
They always give a hand,
They lead us in our work and play,
They're all so happy and so gay—
None finer in the land!

A-ke-la he's okeh,
He guides us every day,
He sees we're fed and tucked in bed,
And all our evening prayers said—
Before he hits the hay!

We call him "Mister Joe,"
He loves us all we know;
He feeds us soy beans and wheat,
And everything that's good to eat,
To make us grow and grow!

The Cubberee's the thing,
It's where we smile and sing,
It's where we work; it's where we play,
It's where we're happy all the day—
The Cubberee's the thing!

(Yell) Yip-ee! Rah! Rah! Rah
Cub-ber-eeeeeeee!

5 cups sugar
4 cups hulled strawberries

To shred a pineapple, cut off a sliçe from top and bottom; cut off peel and remove eyes. Cut to core lengthwise and crosswise, making incisions ¼ inch apart. Pull off pieces with silver fork. Cook shredded pineapple in its own juices for 10 minutes. Add rhubarb, salt and 1 cup sugar. Cook 5 minutes. Add remaining sugar. Bring to boil. Add strawberries and simmer for 30 minutes or until thick and transparent, stirring frequently to prevent sticking. Turn into hot clean jars and seal with paraffin. This recipe makes 5 half pint jars.

Lesson Sermon Of Christian Science

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, June 12, on the subject "God the Preserver of Man."

The Golden Text will be: "As birds flying, so will the Lord of hosts defend Jerusalem; defending also he will deliver it; and passing over he will preserve it" (Isaiah 31: 5). Bible selections will include the following passage from Luke 5: 12, 13: "And it came to pass, when he was in a certain city, behold a man full of leprosy: who seeing Jesus fell on his face, and besought him, saying, Lord, if thou wilt, thou canst make me clean. And he put forth his hand, and touched him, saying, I will: be thou clean. And immediately the leprosy departed from him."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "Mortals obtain the harmony of health, only as they forsake discord, acknowledge the supremacy of divine Mind, and abandon their material beliefs. . . . The action of so-called mortal mind must be destroyed by the divine Mind to bring out the harmony of being" (p. 400).

Another Store Welcomes Trade

Who doesn't love to shop around? Some advertisers even suggest this very thing to the customers, before returning to make a purchase.

It wasn't so long ago that the commercial center of Daly City could not furnish much competition to the home folks—but look now—stores are popping up here and there; in fact, our city is growing up.

The newest addition to the business family is a Bargain Store, 6238 Mission street, across from the bank. This shop is now open for your trade and retails both dry goods and household articles. The management will later stock general merchandise and notions. Could we shoppers ask for more?

Take a shopping bag with you some morning and visit this new store. You'll be charmed with its atmosphere of friendliness, its quality line of merchandise and its bargains. Stock up on those things, big and little needs here and there about the house, that you have neglected to buy. Let's keep the new bargain store in our business family.

OUTDOOR GIRLS TO RIDE AT SALINAS

Jane Pendegast

She will represent her city at the Salinas Rodeo as winner of a chamber of commerce competition which judged scholarship, horsemanship, personality and health of city outdoor girls.

NEW ORGANIZATION

A Daly City Assembly District Club of Labors Non Partizan League was organized, June 2, at a meeting held at the home of Earl R. Abbott. Temporary officers were elected and plans perfected for a membership drive, to be followed by a mass meeting some time in July.

The following are the temporary officers: Chairman, Earl R. Abbott; secretary, A. J. Linden; membership secretary, Peter J. Kelly.

When Peter Maguire of Philadelphia ripped up the flooring beneath his bed to discover the cause of the buzzing noise which kept him awake, he found thousands of bees and 100 pounds of honey.

AUTHOR OF PLAY IS MILLIONAIRE IN RUSSIAN RUBLES

They Put Him In Jail, But He Wrote One Of Most Lugubrious Plays Ever Produced

When Russia started out on its first five-year program there was much to be learned by "cut and fit" before it could be made fully operative. A stern dictator could be stern, but still he apparently did not have all the answers. Among the problems that arose which were to be dealt with—"cut and fit"—were the twin problems of romance and housing. It is with these two questions that "Squaring the Circle," internationally famous farce comedy opening at the Alcazar Theater next Monday, June 13, deals.

"Squaring the Circle" is by Valentine Katayev. Mr. Katayev is described as being bumptious, debunking. He was a former prisoner in a Cheka calaboose in Odessa for his aptness with a typewriter, but this did not deter him from taking probably the same typewriter in lap and, unafraid of the frosty stares of Soviet officials and glowering secret police, grinding out one of the funniest plays ever written and certainly the most mirth provoking that ever came out of lugubrious Russia. It has been going ever since and its royalties have made of the fun loving Mr. Katayev a millionaire (in rubles), as strange as that may sound for communistic share and share alike Sovietland. The play will be directed by Alan Williams and it will have an excellent Federal Theater cast.

"Prologue to Glory," the Abe Lincoln classic that has held the stage for the past month at the Alcazar, closes Saturday night.

MOUNTAIN AUTO PLUNGE FATAL TO SAN BRUNO MAN

Failure To Negotiate Curve Causes Car To Careen Over Embankment

"Too much speed" today was blamed by state traffic officers for a spectacular automobile accident on the Half Moon Bay road which claimed the life of Jack Scheidt, 21 year old San Bruno youth, and seriously injured John Thompson, 17, of Millbrae, late Monday afternoon of this week.

Said to have been traveling at a high rate of speed, Scheidt's coupe, with Thompson at the wheel, skidded out of control as it neared a bridge over a creek a mile west of Half Moon Bay.

The machine struck the highway shoulder, careened back across the road, overturned, crashed into the bridge railing, catapulted into the air, struck a tree and rolled into the creek, a witness, Ernest Diggs, rancher, told State Traffic Officer Jack Quinlan.

Scheidt and Thompson were hurled from the car to the creek bank.

Young Scheidt, who came to the county from San Francisco a year ago and has been living with a sister, Mrs. Marie Dowdy, in San Bruno, suffered a fractured skull and broken neck and was pronounced dead upon arrival at Mills Memorial Hospital.

Thompson, whose home is at 21 San Mateo avenue, Millbrae, escaped with a fractured leg and severe bruises. His condition was reported as good at the Community Hospital.

Authorities said the car apparently went out of control as the youths started down the incline and failed to negotiate a curve. A wooden guide rail was insufficient to stop the car's plunge.

Scheidt had been resting at home for about a week and was expected to return to work in a few days. He had been cut while on the job and was granted sick leave.

Surviving are the youth's parents, Mr. and Mrs. George Scheidt, of Kerman; four brothers and seven sisters.

Since 1932 up to the time of his new appointment he has served as Christian Science Committee on Publication for Northern California.

Neighbors conveyed the injured rider to the Villa Hospital for emergency treatment and he was later transferred to the Belmont hospital, where he was found to be suffering from three broken ribs, sprained ankle, internal injuries and numerous bruises.

BADEN OPENING SEEN BY TWELVE THOUSAND FANS

Younger Greyhounds Starting Each Night In Preparation For California Derby

Baden Kennel Club, the popular South San Francisco greyhound racing oval, swung into the first week of its 1938 meeting after one of the most successful opening nights in years. More than 12,000 persons thronged the big racing plant last Saturday night to see the pure bred racing dogs flash around the quarter-mile track in pursuit of the mechanical rabbit.

Winner of the Inaugural Trophy Race, traditional opening feature, was a San Mateo County greyhound named Vice Versa, owned by Ralph Russell of Colma. The big brindle son of imported Uusidedown came from far back to overtake the fleet Sierra Snow and win going away in 29:1 seconds for the futurity distance.

Scores of new greyhounds, many of them pups brought to Baden especially for the $1000 added California Derby to be run later this season, are starting nightly. The first race has been reserved for these beginners to enable them to get a fast start on the road to racing fame.

Baden's new $2000 results board and its enlarged program are meeting favor with the fans.

A proposal for a two-cent tax levy to raise approximately $22,000 of a $50,000 budget for the San Francisco Peninsula, Inc., advertising campaign in connection with the 1939 Golden Gate International Exposition was before the Board of Supervisors early this week.

The plan was discussed with the board and County Executive E. A. Rolison by a Peninsula, Inc., committee at a conference early in the week.

It was proposed that the county contribute approximately $22,000, that Santa Clara county donate $5,000 and the balance be secured from municipalities.

Alice Faye and Tony Martin sing the tunefullest songs you've ever heard, as only they know how, in "Sally, Irene and Mary," 20th Century-Fox's new star-glorious rhythm romance. With Fred Allen, leading comedian of radio and screen, they head to a top-hit cast of pepper-uppers.

SINGING COMEDY TO BE SEEN AT LOCAL THEATER

There are stars enough, laughs, tunes and gags enough for a dozen big musicals, plus a screenful of romance and that extra zing and sparkle that make Darryl F. Zanuck's top hit show, in "Sally, Irene and Mary," Twentieth Century Fox picture, coming Sunday to the Daly City Theater.

Alice Faye and Tony Martin sing the tunefullest songs you've ever heard, as only they know how. With Fred Allen of radio's "Town Hall Tonight," twice as funny face to face, they lead a whole "who's who" of pepper-uppers frolicking to town.

Joan Davis, the knee action gazelle, learns some new Durantics from the famous "Schnozzola." Marjorie Weaver, sensation of "Second Honeymoon," and Louise Hovick do things to Gregory Ratoff's blood pressure.

Eight toe tickling tune hits keep things humming, a boon to the nation's dance bands.

Three sirens of swing in search of social security, "Sally, Irene and Mary" find themselves sidetracked by love, laughter and song in this uproarious rhythm romance. The lovely trio, played respectively by Alice Faye, Joan Davis and Marjorie Weaver, are looking for theatrical work but the best their agent, Fred Allen, can do is to get them jobs as manicurists in a swanky hotel.

They are fired for putting on their act for a rich and high powered eccentric, Gregory Ratoff. Agent Allen lands them in a second-rate night spot, where Alice meets and develops a romantic interest in Tony.

Louise Hovick, who keeps Reno busy, falls for Tony, and Allen gets her to finance a show for Tony and the girls. When Louise discovers the Alice-Tony entente, she withdraws her support and "blooey" goes the show.

Allen's offices are thrown into the street, a mighty fortunate thing. He meets Jimmy Durante, a White Wing who dreams about the good old horse and buggy days. Jimmy invests in Fred's business just when Marjorie inherits an ancient Hudson River side-wheeler.

THE PRICE OF *Liberty*

A STERN PRICE was paid for this liberty which you enjoy in America. Your fathers bought it by fighting for it. The price they paid was struggle, hardship, and even blood. The price which you must pay if America is to remain a democracy and if liberty is to be passed on to generations of Americans yet unborn is unremitting watchfulness. You are unable, as an individual, to keep a constant personal watch on the actions and policies of those whom you have elected to govern you. You are unable, as an individual, to reach the ear of government with criticism, approbation, or suggestions for official conduct . . . but, in your newspaper, you have a representative who assumes the responsibility of civic watchfulness for you. You have a voice to which all must listen. No candidate, no official, no political leader can long survive under the constant scrutiny of a free press unless he performs his trust with competence and with honesty. Freedom of the press is your greatest assurance that America shall remain free. The welfare of your newspapers is your welfare and the welfare of American freedom.
